

Anti-Doping Policy

As a member club of the Ontario Soccer Association (OSA) and the Canadian Soccer Association (CSA) respectively, the Caledon Soccer Club is bound by, fully supports and hereby adopts the CSA and OSA anti-doping policy which adopts the Canadian Anti-Doping Program.

From the CSA Website:

The **Canadian Centre for Ethics in Sport (CCES)** is the custodian of the **Canadian Anti-Doping Program (CADP)**; the set of rules that govern anti-doping in Canada. The CADP consists of several components such as in- and out-of-competition testing, education, medical exemptions, and the consequences of doping violations. The CADP is compliant with the World Anti-Doping Code and all international standards.

The Canadian Soccer Association has adopted the CADP which means that you can be confident that you are part of a world-class anti-doping program that is designed to protect athletes' rights and ensure a level playing field. The Canadian Soccer Association's anti-doping policy reflects and supports the CADP.

While the CCES administers anti-doping for the Canadian sport community, you may also be subject to the rules of your international federation. Learn more about FIFA's anti-doping policies and procedures.

Procedure

Anti-Doping Educational Resources are provided in coaches information packages and discussed at coaches kick off meetings at the start of each season. Coaches are encouraged to discuss this with their teams, parents, and staff and provide a copy to them if it is requested. Coaches should advise players and parents on where they can access the Anti-Doping Policy and educational resources online.

Any questions or concerns can be sent to info@caledonsoccer.com or discussed with coaches who can answer questions or direct to the right point of contact.

The CCES recommends that athletes take the following actions to ensure they don't commit an inadvertent anti-doping rule violation:

- Know your rights and responsibilities as an athlete with regard to anti-doping.
- Always comply with a testing request if you are notified for doping control.
- Check all medications and products before taking them to ensure they do not contain ingredients that are banned.
- Verify your medical exemption requirements.
- Do not take supplements, but if you do, take steps to minimize your risk.
- Report Doping Hotline: 1800-710-CCES
