When there is a conflict of information, please refer to Ontario Soccer's document as it is most specific to where you play and includes the most up to date legislature.

Additionally, CSC has implemented the following Code of Conduct:

It is the expectation of the Caledon Soccer Club (CSC) that all affiliated with the Club will conduct themselves in a manner which allows all players the opportunity to reach their full potential and most important, enjoy the game. This Code of Conduct provides the principles by which everyone associated with the Club must comply. Failure to comply may result in disciplinary action that could result in the termination of membership of a player and/or coach or termination of employment of referees. Playing fair also has to do with making choices. As we interact with each other in sport, or as spectators in sport, we must regularly consider and define what we think is right and what is not.

As our children interact with each other in sport, their ability to think and learn about fair play issues matures along with their ability to think and learn about what makes for a rewarding and fulfilling life in society.
